During the week of playoffs tie games will be decided in a 5 minute sudden death overtime. Games still tied after overtime will be decided by a shootout. The 4 players on the rink at the end of the overtime period will participate in the shootout. If the game is not decided after those 4 players shoot then players will be chosen from the bench by the coach. No player may shoot more than once until all players have had one shot.

If all 3 teams have the same record after the 3 playoff games, the teams that play in the championship will be decided by goal differential (The team that has the higher number when goals against is subtracted from goals for).
