Discussion Items/Presidents Report:

Some adults players have expressed a concern of the only 25 and older can be the A league player on a B league team.

There has been much discussion on this issue with no viable solution to even compromise.

In regards to zero tolerance of arguing with refs will help with past problems and why this rule needed to be in place.

There was a motion by Christy to remove the 25 and older rule, seconded by Teri, 8 yes and 2 opposed.

After further discussion and the realization that it was not going to help solve the problem that was originally brought up Pam motioned to reinstate the 25 and older rule with a second from Tim. 6 yes votes, 2 nays, and 2 abstaining. Motion passes.
